Bid Item #15	Various Hardware & Parts

An aerial photograph of an airport tarmac. A large white commercial airplane is the central focus, parked on the concrete. To its left, several yellow ground support vehicles are clustered together. To its right, a long white service vehicle, possibly a belt loader, is positioned. Various other vehicles, including smaller cars and trucks, are scattered around the perimeter. The tarmac is marked with white lines and red diagonal hazard stripes. The overall scene depicts a busy airport environment.
